

Incident ID:	Incident Date:	Incident Time:	Shift:	Reporting Personnel:	Number of Assisting Personnel:	Incident Location:	Incident Description:
201800003	05/13/2018	2130	EVE/ES	HO, T		SALLY PORT	At approximately 2130hrs the CASTILLO,JOSE ANGEL Booking#238900 [REDACTED] DOB [REDACTED] inmate was placed in the restraint chair. While assigned to the jailer position, Officer Carter requested to have the restraint chair ready when he arrived at jail for the belligerent inmate that was resisting with him on scene. Upon arrival the inmate was securely placed in the chair and escorted to cell 1708 without further incident or injury. Sgt. Biggs was notified and approved. 201800006	05/14/2018	0025	NITE	PINA, F	3	BOOKING AREA	05/14/18 at 0023. Dispatch called to advise Jail Staff to have a restraint chair ready as a belligerent male was en route to the Jail. At 0025, Officer Logan arrived to the booking area with B/M Alexander, Devon [REDACTED] DOB [REDACTED] Book ID# 238901. Alexander was actively resisting, refusing to walk into the Jail on his own, and being carried by Officer Logan. Myself, PSO C. Weiss, and PSO K. Walker immediately assisted with placing Alexander into the restraint chair. We were advised by Officer Logan that Alexander made 2 attempts to slip out of cuffs, and removed himself from his safety belt in the patrol vehicle during transport. After all straps were secured, Alexander was moved to Restraint Cell 1707 for observation. Approximately 1 hr. later, Officer Logan advised that he wished to speak with Alexander in order to make attempts to deescalate his behavior, and gain compliance so that the subject could be processed immediately. Myself and Officer Logan checked by Restraint Cell 1707, and Alexander advised he would be willing to do so. Just prior to being removed from all straps, I removed Alexander's [REDACTED] books to find a small, clear plastic bag containing a white crystalline substance. I immediately handed this substance to Officer Logan. Still willing to comply, myself and Officer Logan removed Alexander from the restraint chair, and guided him to ID/AFIS for processing. While assisting PSO K. Walker with prints, Alexander became increasingly agitated, and advised that he would refuse to answer all questions, and requested to be placed back into the restraint chair. After fingerprinting was completed, PSO K. Walker, PSO C. Weiss, Officer Logan, and myself escorted Alexander back to Restraint Cell 1707, and secured him into the chair for further observation. PSO Supervisor M. Walls notified. [05/14/2018 02:26, FPINA, [REDACTED] PA, PPD]
201800009	05/14/2018	1600	EVE/ES	WALKER, K	3	SALLY PORT	Inmate arrived at the jail verbally belligerent and was continuously banging his head against the arresting officers unit causing his head to bleed. [05/14/2018 21:59, KAWALKER, [REDACTED] PA, PPD]
201800012	05/19/2018	2155	EVE/ES	HO, T	9	CELL	At approximately 2155 PSO Walker, K #6743 attempted to AFIS prisoner Wheatley, James [REDACTED] DOB [REDACTED] The prisoner was being belligerent so PSO Herrera#3260, Officer Maldonado, A 41 [REDACTED] and Officer Cambell, J #0856 were on stand by in case there was any problems. The prisoner began to resist jail staff from scanning his finger prints. That's when PSO Herrera and officer Maldonado stepped in and put the prisoners arm behind his back and walked him to cell 1708 to be placed in the restraint chair.
